4/29/08	BIO101	Good Quality	Top world quality teacher.

11/18/06	BIO206	Poor Quality	Horrible teacher! She only lectures and then leaves. She is unwilling to help you outside of class. She doesn't explain assignments and then marks off for everything. This is the second institution that has fired her. If you see her at another institution, don't take her.

2/5/06	BIO 101	Poor Quality	I wish I could give a lower clarity rating. Considering that she is lying through her teeth, a 1 seems a bit high. Professor Crocker is an ID proponent who consistently lies and misrepresents the facts. I'm not sure if she is incompetent and doesn't understand what she saying, or if she is simply incredibly dishonest. Either way, avoid her.

2/5/06	BIO 101	Poor Quality	Interesting class, but she teach ID and use a bunch of inaccurate propoganda to do it. She also plays favorites if you don't toe the line. You'll still get credit, but just keep in mind she's teaching a bunch of BS.

2/5/06	Bio 101	Poor Quality	Another moron ID freak with no publications, stuck teaching at a community college with a chip on her shoulder. Eeew.
